<b>Due Date:</b>			
<b>Attachments:</b>	<a href="#">request-a-quote</a> <a href="#">none</a>		

**Hassan Rafique** 2025-11-10 21:53:43 UTC [Comment 1](#)

Created [attachment 282](#) [\[details\]](#)  
[request-a-quote](#)

Steps to Reproduce  
1. Open the "Request a Quote" page: <https://academybugs.com/request-a-quote/>

Expected Result  
- The page loads in a timely manner and becomes interactive.

Actual Result  
- The page displays a loading indicator and never finishes loading (infinite spinner).

Frequency  
- Every time.

Environment  
- Reproduced in multiple browsers (all Browsers per report).

Notes  
- Seen consistently from clean session/incognito as well.  
- Please see attached screenshot showing the page stuck on loading.

**Hassan Rafique** 2025-11-16 15:13:40 UTC [Comment 1](#)

Steps to reproduce have been provided. The issue occurs consistently across browsers.  
Setting severity to major and priority to P2 since it blocks a key page.  
Waiting for confirmation from QA/developer team.

**Hassan Rafique** 2025-11-16 15:18:14 UTC [Comment 2](#)

Root cause identified: missing backend response handling caused the page to loop infinitely.  
Patch has been applied and deployed to staging.

**Hassan Rafique** 2025-11-16 15:18:56 UTC [Comment 3](#)

Second fix applied. Updating logic to handle timeout edge cases.  
Marking RESOLVED => FIXED again.

**Hassan Rafique** 2025-11-16 15:24:59 UTC [Comment 4](#)

Retested the fix on staging. The Request a Quote page now loads correctly within 2 seconds.  
All functionality is working as expected.  
Fix verified.

**Hassan Rafique** 2025-11-16 15:25:19 UTC [Comment 5](#)

During regression testing, the issue reappeared.  
Reopening the bug for further investigation.

**Hassan Rafique** 2025-11-16 15:25:36 UTC [Comment 6](#)

Second fix applied. Updating logic to handle timeout edge cases.  
Marking RESOLVED => FIXED again.

Apply now button not responding <i>none</i>			

**Hassan Rafique 2025-11-16 16:04:57 UTC** [Comment 1](#)

Created attachment 345 [details]  
 Apply now button not responding  
 Apply now button not responding  
 Apply now button not responding  
 Functional bug: The "Apply now" button on the Opportunities We Provide page does not respond.  
**Steps to Reproduce:**  
 1. Open the Opportunities We Provide page:  
<https://academybugs.com/opportunities-we-provide/>  
 2. Scroll to the bottom of the page.  
 3. Click the "Apply now" button.  
**Expected Result:**  
 The user is redirected to an appropriate page or form after clicking the button.  
**Actual Result:**  
 Nothing happens when clicking the "Apply now" button. No redirect, no feedback, and no action occurs.  
**Severity:**  
 Major - functional workflow is broken and user cannot proceed to the next step.  
**Frequency:**  
 Every time.  
**Environment:**  
 Reproduced on Chrome, Firefox, and Edge across multiple devices.  
**Notes:**  
 This prevents users from accessing the intended application workflow.

**Hassan Rafique 2025-11-16 16:05:42 UTC** [Comment 1](#)

QA confirmation: Issue reproduced on Chrome, Firefox, and Edge.  
 Button produces no action. Status remains UNCONFIRMED during QA review.

**Hassan Rafique 2025-11-16 16:05:49 UTC** [Comment 2](#)

Developer note: Investigation started. Reviewing page scripts and DOM structure.  
 Status remains UNCONFIRMED while work is in progress.

**Hassan Rafique 2025-11-16 16:06:00 UTC** [Comment 3](#)

Developer update: Root cause identified. The button has no event listener attached.  
 Fix is being prepared. Status remains UNCONFIRMED (work in progress).

**Hassan Rafique 2025-11-16 16:06:11 UTC** [Comment 4](#)

QA retest on staging shows improvement, but the button occasionally fails on mobile view.  
 Status remains UNCONFIRMED until fix is finalized.

**Hassan Rafique 2025-11-16 16:06:20 UTC** [Comment 5](#)

Developer: Final fix applied. Event listener and navigation handler implemented.  
 Button now functions consistently across all browsers and screen sizes.  
 Preparing to resolve the bug.

**Hassan Rafique 2025-11-16 16:06:40 UTC** [Comment 6](#)

Final verification completed. The button now properly redirects on all tested environments.  
 Transferring status from UNCONFIRMED to RESOLVED + FIXED.

**Bug 1354**

<b>Summary:</b>	Videos in left column on Latest News page do not play (black screen)
<b>Product:</b>	[Other] bugzilla.mozilla.org
<b>Component:</b>	General
<b>Status:</b>	RESOLVED FIXED
<b>Severity:</b>	normal
<b>Priority:</b>	P2
<b>Version:</b>	Development/Staging
<b>Target Milestone:</b>	---
<b>Hardware:</b>	x86
<b>OS:</b>	Windows 10
<b>URL:</b>	<a href="https://academybugs.com/latest-news/">https://academybugs.com/latest-news/</a>

Video Black Screen Left Column none	

**Hassan Rafique 2025-11-16 16:14:51 UTC** [Comment 1](#)

Created attachment 347 [details]  
Video Black Screen Left Column

Functional bug: The video players located in the left column on the Latest News page do not play.

Steps to Reproduce:

1. Open the Latest News page: <https://academybugs.com/latest-news/>
2. Attempt to play any of the videos in the left column containing the video players.
3. Attempt to play any of the videos.

Expected Result:

The videos should buffer properly and begin playback when the play button is pressed.

Actual Result:

The videos in the left column display a black screen and do not play. No video output is shown.

Severity:

High – users cannot view video content, causing a major functional failure on the page.

Frequency:

Every time – issue reproduced consistently.

Environment:

Reproduced on Chrome, Firefox, and Edge.

Notes:

Right column videos appear to play correctly; only the left column videos fail.

**Hassan Rafique 2025-11-16 16:16:27 UTC** [Comment 1](#)

Additional details: The video players in the left column show only a black screen even after waiting for buffering. There is no audio or visual output. Status remains UNCONFIRMED.

**Hassan Rafique 2025-11-16 16:16:34 UTC** [Comment 2](#)

QA confirmation: Issue reproduced on Chrome, Firefox, and Edge. All left-column videos fail to load and remain black. Right-column videos work normally. Status remains UNCONFIRMED.

**Hassan Rafique 2025-11-16 16:16:41 UTC** [Comment 3](#)

Developer note: Investigation started. Reviewing video source files and player initialization scripts. Status remains UNCONFIRMED while work is in progress.

**Hassan Rafique 2025-11-16 16:16:55 UTC** [Comment 4](#)

Developer update: Root cause found. The video sources in the left column are pointing to invalid or unavailable media URLs, causing playback failure. Status remains UNCONFIRMED during fix preparation.

**Hassan Rafique 2025-11-16 16:17:02 UTC** [Comment 5](#)

QA retest: After the developer updated internal video links on staging, the videos now load but freeze after 1 second. Additional fix required. Status remains UNCONFIRMED.

**Hassan Rafique 2025-11-16 16:17:11 UTC** [Comment 6](#)

Developer follow-up: Final fix applied. Updated video URLs and corrected player initialization script. Videos now fully play across all tested browsers. Preparing to resolve. Status remains UNCONFIRMED.

**Hassan Rafique 2025-11-16 16:17:26 UTC** [Comment 7](#)

Final verification completed. All left-column videos play correctly on Chrome, Firefox, and Edge.

Transferring status from UNCONFIRMED to RESOLVED + FIXED.

**Hassan Rafique 2025-11-16 16:17:37 UTC** [Comment 8](#)

Final verification completed. All left-column videos play correctly on Chrome, Firefox, and Edge.

Transferring status from UNCONFIRMED to RESOLVED + FIXED.
